Bauman Moscow State Technical University, Moscow, 105005, Russia

This article deals with the main ways of increasing motivations in learning English by the students of higher technical schools. The meaning of the word "motivation" has been defined. The article presents various viewpoints on the importance of motivation in teaching processes. There are some kinds of motivations to be considered. The interrelation between these types of motives and teaching processes has been determined. The challenge of various motives in learning English by the Bauman MSTU junior and senior students has been analyzed.

Keywords: a motivation, students, teaching, an analysis, an increase.

Fufurina T.A., Assoc. Professor, the head of the English Section of the Power Engineering Department at Bauman Moscow State Technical University. e-mail: laboratf13@mail.ru, fufurina@mail.ru
