# “Labour” against “politics”: conceptual approaches by H. Arendt and P. Virno

© M.A. Maksimov

Мәңгі с'Дтсепј 'qһ'Дсwo ср'О queqy 'Uсvг'Vgeј plect'Wpкxgtukf. 'Мәңгі с.'46: 222. 'T'wukc

*The article provides a review of modern scientific approaches to analyzing contraposition of “labour” and “politics”. It reveals certain distinctive features of modern political activity. The author gives special attention to “multitude” as a new political subject, its development and prospects in modern world. The author challenges his readers inviting them to explore possible ways of modern political system transformation.*

**Keywords:** politics, labour, action, rationalization, multitude, overall intelligence.
