
Disagreement as the central concept of J. Rancière's political philosophy

© M.A. Maksimov

Bauman Moscow State Technical University, Moscow, 105005, Russia

The article deals with the concept “disagreement”. To provide better understanding of the concept it investigates political and philosophical approach of J. Rancière to analysis of political activity. The author reviews and critically estimates fundamentals and terms of this approach. He looks into the subject matter of the constructive change in the modern political system.

Keywords: policy, police, disagreement, political participation, democracy, conflict, consensus.
