# Anthropological crisis of today: “The Reign of Quantity” by R. Guénon

© A.V. Chernysheva, V.G. Karabatyrova

Bauman Moscow State Technical University, Moscow, 105005, Russia

*The article investigates the way a well-known French philosopher René Guénon interprets the concept of anthropological crisis in his works. The authors put a special emphasis on the understanding of the impact of globalisation onto the cultural and spiritual life of modern people. They describe the society of consumption and economic universalism.*

**Keywords:** anthropological crisis, tradition, traditional culture, globalization, materialism, economic universalism.
