
Teaching Russian as a Foreign Language at a Preparatory Department: Problems and solutions

© E.V. Pinevich

Bauman Moscow State Technical University, Moscow, 105005, Russia

The article considers the problems of organizational and methodical nature, associated with learning Russian as a foreign language at the preparatory faculty (adaptation of students, the choice of the program, the division into groups). We propose solutions of the problems and give recommendations.

Keywords: Russian as a foreign language, preparatory department, problems of teaching
