

Public debt and deficits: the beginning of the digital strategy of Great Britain

© V.G. Rodionova¹, E.A. Rosemann²

¹ Bauman Moscow State Technical University, Moscow, 105005, Russia

² Lomonosov Moscow State University, Moscow, 11999, Russia

The article considers the present debt problems and deficits in the UK trade and payment balance, as well as long-term and current budgetary expenditures of the government, corporations, banks and other borrowers. These problems could be solved using the new British strategy, called UK Digital Strategy 2017.

Keywords: public debt, budgetary deficit, debt instruments, savings, digital strategy, net debt
